

Technical data sheet

PET GAG kosher-film type 300 K

Configuration	
materials	Outside layers: PET-G virgin granulate; purely synthetic anti-blocking and slip agents Middle layers: 100% virgin PET-A material
Dimension	
nominal thickness value	0.150 ... 0.800 mm
nominal size value	≤ 1.200 x 1.600 mm
tolerance	see General Terms & Conditions
Physical properties	
color	colourless transparent, or specified colour
specific gravity	approx. 1.32 g/cm ³
Vicat softening point	71 °C
surface tension	≥ 38 dyn /cm
Field of application	
printing	all kinds
Gluing, stamping, folding	all kinds

The product is in accordance with the regulations of:

- European Directive 10/2011
- BfR Recommendation XVII and Consumer Goods Regulations, Civil Code, Part I, No. 23.94, pages 775 and following;
- FDA, Title 21 Part 177.1630 and supplementary regulation 21 CFR 177, 1315(b)(1)(USA).

The product is kosher certified by STAR-K Certification, Inc. The material is produced using only materials that are suitable for kosher products, and the production process is adapted to the rules of the Kashrus.

All specified physical characteristics are indications. Deviations from the values given here are mostly due to technological reasons and not per se justifying the claim of the goods. All specified physical properties are only valid for a none-processed film. The assessment of the suitability of a film of FWG for the intended purpose is in customer's responsibility.
